

## **Tree Trimming – Fall 2024**

Trees were removed in the Spring of 2023 as Phase 1 of the township tree project, funded by federal ARPA funds. We are now ready for Phase 2, which is trimming trees in the township.

We are requesting that residents submit requests for trees they would like to have trimmed. The trees must be within the road right-of-way (within 33 feet in either direction from the center of the road).

Please provide details and make the requests specific. We will need the property address and the specific location of the tree(s) (e.g., 3<sup>rd</sup> tree from corner, tree on North side of driveway, etc.).

We will then create a list of the trees and request bids from tree services. If there are more requests than available funds, we will work with the tree service that is selected to prioritize the trees to be trimmed.

Requests to trim trees must be received by September 30.

Please send requests or questions to:
